**In most areas of the country, state or local laws do not require you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container, so that the grave will not sink in. Either a burial vault or a grave liner will satisfy these requirements.**

**Our funeral home makes no representations or warranties regarding the outer burial containers listed. The only warranties expressed or implied, granted in connection with goods sold with these outer burial containers are express written warranties, if any, extended by the manufacturers thereof.**
